MCPP is approved by the American Psychological Association to provide continuing education for psychologists. MCPP maintains responsibility for this program and its contents.

MCPP is an approved provider with the Michigan Social Work Continuing Education Collaborative. Social work CEUs will be provided for conference attendance.

THE EFFICACY OF PSYCHODYNAMIC THERAPY: The Talking Cure in the Era of Evidence Based Practice

with *Jonathan Shedler, Ph.D.*

Clinical Associate Professor, University of Colorado School of Medicine

Presentation based on Dr. Shedler's internationally acclaimed article:
The Efficacy of Psychodynamic Psychotherapy

Sunday, October 15, 2017 8:30am – 3:30pm

Sheraton Detroit Novi Hotel, 21111 Haggerty Rd., Novi, Michigan

MORNING SESSION:

- Scientific evidence for the benefits of psychodynamic therapy.
- Comparisons to other evidence-based treatments like CBT and antidepressant medication.
- How the active ingredients of all effective psychotherapies draw on (often unacknowledged) psychodynamic principles.

AFTERNOON SESSION (following a provided lunch):

- Case presentations apply contemporary psychodynamic theory and demonstrate use of dynamic formulation as a roadmap to effective clinical care.
- Assessment of core personality dynamics (including the validated SWAP instrument for psychodynamic diagnosis and case formulation)

Lectures and case discussions will be of interest to practitioners of all experience levels, as well as students and other interested professionals.

CONFERENCE FEES (includes lunch):

\$150 for practitioners; (\$170 after September 30, 2017)
\$60 for students
